

Tobacco Control in the African Continent: Research to Practice

Full day pre-conference workshop at
African Organization for Research and Training in Cancer
(AORTIC) annual conference in Marrakech, Morocco

November 19, 2015 • Hotel Atlas Medina

Sponsors:

U.S. National Cancer Institute, World Health Organization's Regional Office for Africa, Center for Tobacco Control in Africa, Mayo Clinic

You are invited to participate in this dynamic workshop about tobacco control research activities and priorities in Africa. This workshop is an opportunity to:

- **Learn** about current tobacco control research efforts in Africa and the scientific priorities to support implementation of the Framework Convention for Tobacco Control (FCTC) articles in African countries.
- **Contribute** to the refinement of tobacco control research priorities and identify research and dissemination efforts that would be most beneficial, feasible, and responsive to needs in African countries.
- **Network** with presenters and attendees to develop potential collaborative partnerships to help implement these priorities.

To register for this workshop, please send your name, affiliation, and contact information to Jenny Twesten at jenny.twesten@nih.gov.
