## **WORKING PROGRAMME**

- As of 1 November 2019, subject to change -

DAY 1	TUESDAY, 5 NOVEMB	ER
	REGISTRATION	
09:00 - 11:00	SPECIAL INTEREST GROUP	
PLENARY	CLINICAL TRIALS - SIG Facilitators: OE Nnodu (Nigeria), OI Alatise (Nigeria)	Programme A Ibraheem (United States)   Good clinical practice, ethics and regulatory issues D Reidy (United States)   Design, conduct, analysis, and interpretation of Phase I-II clinical studies J Smith (United States)   Design, conduct, analysis, and interpretation of Phase III-IV clinical studies G Macaulay (Nigeria)   Drug discovery/development in Africa: opportunities and challenges OI Alatise (Nigeria)   Scaling up clinical trial in Africa C Pillai (Switzerland)   Strengthening African Research and Development: Establishing an open-access database of African clinical trials sites and capabilities
MR1	ADVOCACY - SIG Facilitators: K Asante (South Africa), B Kithaka (Kenya)	Programme  B Kithaka (Kenya)   How should the SIG be ran within the framework of AORTIC (leadership, target areas of interaction)  K Asante (South Africa)   What advocacy areas should the SIG focus on in integrating the voice of the Patient – Policy, Research, Education, etc.  B Kithaka (Kenya)   How does the AORTIC SIG meet its costs – possible cost elements and fundraising model  K Asante (South Africa)   What other ideas should the Advocacy SIG Focus on for the first year
MR2	IPOS PSYCHO-ONCOLOGY PART 1 - SIG Facilitators: C Asuzu (Nigeria), M Henry (Canada), L Travado (Portugal)	Programme C Asuzu (Nigeria)   Importance of communication skills in oncology and screening for distress as an essential tool to communication M Henry (Canada)   Barriers and facilitators to communicating cancer diagnoses to patients in African cancer care: Study results S Ndiaye (Senegal)   Communication and stigma C Ntizimira (Rwanda)   A palliative care physician's perspective on communication in the context of an African medical oncology practice
MR3	RADIATION ONCOLOGY: MEDICAL PHYSICS - SIG Facilitators: S Grover (Botswana), H Simonds (South Africa), V Vanderpuye (Ghana), R Wong (Canada)	
MR4	PATHOLOGY: THE ROLE OF TELEMEDICINE IN MANPOWER DEVELOPMENT - SIG Facilitators: A Adesina (United States), M Botteghi (Italy)	Programme K Patel (United States)   The role of telepathology in manpower development: definition, equipment, options and cost D Ruhangaza (Rwanda)   Diagnostic applications of telepathology: issues with set up, quality assurance and quality control R Namazzi (Uganda)   The TCH Global Hope experience: the recipient country experience N Ozuah (Malawi)   The TCH Global Hope experience: Programmatic organisation, execution and challenges from a sponsor's perspective V Stracca (Italy)   Diagnostic applications of telepathology: the APOF experience in the Horn of Africa
	REFRESHMENT BREAK AND EXHIBITION	
	SPECIAL INTEREST GROUP	
PLENARY	NURSING ONCOLOGY - SIG Facilitators: M Fitch (Canada), OA Oluwatosin (Nigeria), NO Ohene Oti (Ghana)	Programme  M Owusu Sekyere (Ghana)   Skills in caring for persons with Lymphedema  P Adejumo (Nigeria) and M Fitch (Canada)   Understanding research from problem identification to publication — panel discussion with A Anarado (Nigeria), M Barton-Burke (United States), L Maree (South Africa), R Sego (Rwanda) and A Young (United Kingdom)
MR1	HAEMATOLOGY (AORTICHORG) - SIG Facilitators: C Williams (United States)	Programme C Williams (United States)   Introduction: Haematological malignancies in Africa: what we know, what we need to know, and exploring prospects for progress S Mbulaiteye (United States)   Opportunities for conducting genetic studies in the Epidemiology of Burkitt Lymphoma in East-African Children and Minors (EMBLEM): where we are, and where we move from here N Othieno-Abinya (Kenya)   Pattern of occurrence of adult acute leukaemias in Kenya and identifiable risk factors C Williams (United States)   Childhood acute lymphoblastic leukaemia in Nigeria: Evidence for a role for infection, and a comparison with global experience C Williams (United States)   HTLV-I infection in health and disease: relative significance in global communities MA Durosinmi (Nigeria)   Treatment Protocol for Acute Lymphoblastic Leukaemia in Nigerian children and young adults under age 30 years — an update AA Oyekunle (Botswana)   Design and implementation of a spreadsheet-based clinical decision support system for busy chemotherapy clinics in a resource-limited setting MA Durosinmi (Nigeria) and NA Othieno-Abinyah (Kenya)   Targeted therapy of chronic myeloid leukaemia in Africa: examples of success in international collaboration
MR2	IPOS PSYCHO-ONCOLOGY PART 2 - SIG Facilitators: C Asuzu (Nigeria), M Henry (Canada), L Travado (Portugal)	Programme P Parker (United States), S Banerjee (United States), L Travado (Portugal)   Doctor-patient communication skills training

**RADIATION ONCOLOGY - PART 2 - SIG** Programme Facilitators: S Grover (Botswana), H Simonds Those attending this session must please bring laptops (South Africa), V Vanderpuve (Ghana), R Wona O Balogun (Nigeria) | Breast cancer case (Canada) R Wong (Canada) | Rectal cancer case S Grover (Botswana) and V Vanderpuye (Ghana) and H Simonds (South Africa) | RT SIG future plans and activities UROLOGY - SIG MR4 Programme Facilitators: F Chinegwundoh (United Kingdom), C Kamadjou (Cameroon) | Laparoscopic retroperitoneal radical prostatectomy video, followed by Q&A SM Gueye (Senegal), M Jalloh (Senegal), A Kahie M Jalloh (Senegal) | Prostate cancer epidemiology in Sub-Saharan Africa, followed by Q&A (Kenya) F Chinegwundoh (United Kingdom) | Prostate cancer in men from African descent in the UK, followed by Q&A 13:30 - 14:30 | LUNCH AND EXHIBITION 14:30 - 16:30 | SPECIAL INTEREST GROUP PLENARY BREAST CANCER AND THE SURGEON: SURGICAL Programme PATHOLOGY M Mutebi (Kenya) | Introduction Facilitators: B Anderson (United States), M P Bird (Kenya) | Management of locally advanced breast cancers Mutebi (Kenya) B Anderson (United States) | Neo(adjuvant) treatment and the surgeon: what every surgeon needs to know S Saved (Kenva) | Better outcomes in breast pathology: pre-analytical handling of breast specimens M Mutebi (Kenya) | The changing landscape of breast cancer surgery in Africa M Mutebi (Kenya) and B Anderson (United States) | Breast conservation therapy in sub-Saharan Africa: indications, feasibility and practice L Cairncross (South Africa) | Sentinel lymph node biopsy in sub-Saharan Africa: Indications, feasibility and practice F Ntirenganya (Rwanda) | Bringing it together: the role of guidelines and the NCCN African harmonization experience Q&A MR1 IMPROVING ACCESS TO CANCER CARE Programme THROUGH PATIENT NAVIGATION K McComb (United States) | Welcome and introduction to the workshop Facilitators: H Freedman (United States), E H Freedman (United States) | Health equity exercise Krisel (United States), K McComb (United States) | E Krisel (United States) | Overview of barriers to care and patient navigation O Amos (Uganda) | PANEL DISCUSSION Sponsored by American Cancer Society M Kaur (Uganda) | PANEL DISCUSSION G Mukosi (Kenya) | PANEL DISCUSSION T Ochieng (Kenya) | PANEL DISCUSSION G Omulogoli (Kenya) | PANEL DISCUSSION V Walusansa (Uganda) | PANEL DISCUSSION K McComb (United States) | Overview of patient navigation toolkit and workshop wrap-up MR2 PALLIATIVE CARE - SIG Programme Facilitat ors: J Cleary (United States), MA Ojing J Cleary (United States) | Session introduction (Uaanda) Z Ali (Kenya) | Integrating palliative care into routine health care: lessons from Kenya G Rodin (Canada) | Palliative care in global health: comparing service delivery in developed and low resource settings C Ntizimira (Rwanda) | The city cancer challenge: a new paradigm shift to address humane cancer care J Cleary (United States) | The ASCO resource stratified guidelines for palliative care AM Nyakabau (Zimbabwe) | Cancer palliative care model for Zimbabwe Discussion MR3 MEDICAL ONCOLOGY - SIG Programme Facilitators: N Hammad (Canada), V Vanderpuye Y Martei (United States) | Chemotherapy delivery capabilities in sub-Saharan Africa: current realities and future (Ghana) Y Suliman (Sudan) | Management of Febrile Neutropenia in resource constrained settings: should we create resource appropriate pathways to manage patients? B Gyawali (United States) | The increasingly complex world of systemic therapy: optimising patients' management in the setting of limited resources - model of colorectal cancer and lung M Ezzi (Kenya) | Future of clinical vs medical oncology in the continent: pros and cons S Mwanzi (Kenya) and N Hammad (Canada) | Q&A A Musibi (Kenya) | Debate: hindrances to completing systemic therapy cycles in different African regions D Fadelu (United Stats) | Summary of debate findings MR4 CERVICAL CANCER ELIMINATION, AN J Torode (Switzerland) | Introducing the WHO global strategy 2020-2030 towards elimination of cervical cancer OPPORTUNITY FOR AFRICAN COUNTRIES TO MAKE A STEP-CHANGE IN ADDRESSING CANCER P Barango (Zimbabwe) | Introducing the WHO global strategy 2020-2030 towards elimination of cervical cancer PREVENTION AND CONTROL L Muchiri (Kenya) | The opportunity of harnessing the call to action on elimination of cervical cancer to make a step Facilitators: L Muchiri (Kenya), J Torode change in diagnosis and cervical cancer management (Switzerland) H Simonds (South Africa) | The opportunity of harnessing the call to action on elimination of cervical cancer to make Supported by AORTIC, UICC and WHO a step change in diagnosis and cervical cancer management K Schmeler (South Africa) | The opportunity of harnessing the call to action on elimination of cervical cancer to make a step change in diagnosis and cervical cancer management O Ginsburg (United States)| Leapfrogging African cervical cancer strategies on screening and treatment to state of the art community-centred services which embrace the latest technologies MJ Chaila (Zambia) | Leapfrogging African cervical cancer strategies on screening and treatment to state of the art community-centred services which embrace the latest technologies L Muchiri (Kenya) | An AORTIC led call to action to African leaders 16:30 - 16:40 | TRANSFER TIME 16:45 - 18:15 | OPENING CEREMONY KEYNOTE 1: Welcome by Mozambique Minister of Health (Dr Nazira Vali Abdula) and address by Mozambique First Lady (Dr Isaura Ferrão Nyusi)

18:15 - 20:00 | WELCOME RECEPTION AND POSTER SESSION ONE

#### DAY 2 | WEDNESDAY, 6 NOVEMBER 07:00 - 17:30 | REGISTRATION 07:15 - 08:20 | ROUNDTABLE DISCUSSION / EXPERT PANEL Roundtable SECURE THE FUTURE OF CANCER AFRICAN Programme discussion NETWORK FOR CARE, EDUCATION AND N Masalu (Tanzania) | Opening remarks: two-year outcomes of the Multi-National Lung Cancer Control Programme RESEARCH PROGRAM: LUNG CANCER IN F Chite Asirwa (Kenya) | Building capacity for lung cancer care in sub-Saharan Africa AFRICA X Dlamini (eSwatini) | Lessons learned in implementing collaborative TB/Lung cancer activities Facilitators: N Masalu (Tanzania), P Mtshali D Osei-Fofei (South Africa) | Lessons from communities with environmental risk factors (South Africa) T Ginindza (South Africa) | Blending lung cancer research and academic outputs Sponsored by Bristol-Myers Squibb Foundation M Joffe (South Africa) | Improving diagnosis and more: the Lung Laboratory Experience Secure the Future MT Landi (United States) | Sherlock-lung study Discussions | Invited international experts Conclusions QUALITY OF CANCER REGISTRY STATUS IN Roundtable Programme M Egue (Benin) | Experiences and challenges with Cancer Registration in Benin discussion AFRICA Facilitators: E Chokunonga (Zimbabwe), AM M Ogwang (Uganda) | Experiences and challenges with Cancer Registration in Uganda Nyakabau (Zimbabwe), O Ogunbiyi (Nigeria) O Lompo (Burkina Faso) | Experiences and challenges with Cancer Registration in Burkina Faso J Ferro and C Lorenzoni (Mozambique) | Experiences and challenges with Cancer Registration in Mozambique N Masalu (Tanzania) | Experiences and challenges with Cancer Registration in Tanzania X Dlamini (eSwatini) | Experiences and challenges with Cancer Registration in eSwatini Roundtable EARLY DIAGNOSIS AND TREATMENT IN Programme WOMEN'S CANCER: THE CASE FOR F Uwinkindi (Rwanda) | EXPLORING EARLY DETECTION AND TREATMENT OF CERVICAL AND BREAST CANCER IN discussion STRENGTHENING PRIMARY CARE Facilitators: M McCarthy (United States) A Cabanes (United States) | EXPLORING EARLY DETECTION AND TREATMENT OF CERVICAL AND BREAST CANCER IN Supported by Ihpiego AFRICA MR Giattas (United States) | EXPLORING EARLY DETECTION AND TREATMENT OF CERVICAL AND BREAST CANCER IN AFRICA xpert Panel -ENVIRONMENT AND CANCER Programme MR1 Facilitators: V McCormack (France), J Shuz J Schüz (France) | Radiations and cancer, facts and myths: From mobile phones to contaminated mine tailings and (France) nuclear accidents Supported by IARC P Kelly (7ambia) | Biomass smoke and cancer in Africa D Middleton (France) | Role of geochemistry in the identification of environmental carcinogens ACCESS MODELS FOR IMPROVED PAEDIATRIC xpert Panel -Programme CANCER CARE IN AFRICA B Scott (United States) | Discussion around access models for improved paediatric cancer care in Africa MR2 Facilitators: B Scott (United State) T Scanlon (Tanzania) | TLM Tanzania model cancer care in Africa Sponsored by Direct Relief N Ozuah (Malawi) | Global HOPE model in Malawi, Uganda, and Botswana T Tighe (United States) | NGO support to improve access to care for childhood cancer patients A Adler-Waxman (Israel) | Discussion around industry models to help ensure Rx access 08:20 - 08:30 | TRANSFER TIME 10:00 | CONCURRENT SESSIONS PLENARY CANCER AWARENESS AND SCREENING Programme CHALLENGES IN AFRICA R Saidu (South Africa) | The future of point of care screen and treat in Africa B Kabota (Malawi) | Feasible and effective treatment options for cervix screen positive women in Africa Facilitators: R Muwonae (France), R Saidu (South Africa) BT Guzha (Zimbabwe) | Challenges in managing screen detected invasive cervical cancer in Africa R Muwonge (France) | Information needs for monitoring and evaluating cancer screening programs in Africa R Saidu (South Africa) | How to augment cancer health care infrastructure and human resources in sub-Saharan Africa MR1 BASIC SCIENCE: FROM BENCH TO BEDSIDE Programme Facilitators: S Mohammed (United States), R L Katsidzira (Zimbabwe) | Colorectal cancer in Africa: evidence to guide screening approaches Ramesar (South Africa) R Ramesar (South Africa) | Strategies towards reducing cancer burden by focusing on familial cancers TA Zeleke (Ethiopia) | HPV based cervical screen: can VIA be used as a triage test? G Chesumbai (Kenya) | EVIDENCE BASED APPROACH TO ESTABLISHING NEW POPULATION-BASED CANCER REGISTRIES IN AFRICA MR2 GROWING AND DEVELOPING PSYCHOSOCIAL Programme ONCOLOGY PROGRAMS IN AFRICA: P Barango (Zimbabwe) | WHO Millennium Goals for Africa, inclusion of Psycho-Oncology as part of Universal Health CHAILENGES AND OPPORTUNITIES Coverage, and IPOS collaboration Facilitators: C Asuzu (Nigeria), M Henry C Asuzu (Nigeria) | Challenges and opportunities for psychosocial oncology in Africa and the role of IPOS Federated (Canada), L Travado (Portugal) Supported by IPOS L Travado (Portugal) | Communication skills as first level of psychosocial care M Henry (Canada) | Psychosocial Clinical Guidelines and how to adapt them to LMI countries MR3 ASCO/AORTIC JOINT SYMPOSIUM: VALUE IN Programme CANCER CARE C Booth (Canada) | Delivery of meaningful cancer care: achieving real benefits in the real world Facilitators: N Hammad (Canada), V Vanderpuye B Gyawali (Canada) | Balancing access with avoiding overtreatments in LMIC (Ghana) F Rubagumya (Rwanda) and S Ka (Senegal) | AORTIC choosing wisely Africa Low-income Countries Discussion MR4 HPV VACCINATION FOR CERVICAL CANCER Programme PREVENTION K Brignole (United States) | Discussion on HPV vaccination for cervical cancer prevention Facilitators: K Brianole (United States), B Kithaka | B Kithaka (Kenva) | Discussion on HPV vaccination for cervical cancer prevention (Kenya), L Mbuthia (Kenya) L Mbuthia (Kenya ) | Discussion on HPV vaccination for cervical cancer prevention Sponsored by American Cancer Society 10:00 - 10:30 | REFRESHMENT BREAK AND EXHIBITION 10:30 - 11:30 | MORNING HOUR

	Nokta (United States)	T Uldrick (United States)   Anti-PD1 therapy in patients with HIV and cancer: safety considerations, unmet clinical
	Sponsored by NCI	needs and future opportunities in sub-Saharan Africa  J Martin (United States)   Diagnosis of Kaposi sarcoma: now and the future
MR1	FROM DIAGNOSIS TO TREATMENT: THE	Programme
MINT	EXPERIENCE OF IMPLEMENTATION OF A	C Barbosa (Cabo Verde)   The improvement in the diagnosis of oncological patients in Cape Verde
	PROJECT OF INTEGRATED CARE TO THE	C Carrilho (Mozambique)   The improvement in the diagnosis of oncological patients in Cape verde
	CANCER PATIENT IN CAPE VERDE AND	H Vaz Borges Spencer (Cabo Verde)   The improvement in the treatment of oncological patients in Cape Verde
	MOZAMBIQUE	S Tulsidas (Mozambique)   The improvement in the treatment of oncological patients in Mozambique
	Facilitators: J De Almeida Pedro (Portugal)	Discussion
	Sponsored by Calouste Gulbenkian Foundation	
MR2	INNOVATION IN PALLIATIVE CARE	Programme
		J Cleary (United States)   Session introduction
	(Kenya)	PM Gaye (Senegal)   Palliative radiotherapy in cancer care G Rodin (Canada)   New approaches to early palliative care
		J Cleary (United States)   The opioid crisis: how does it affect LMICs
		, (

# LIGHTNING TALKS 4: BASIC SCIENCES I BIOLOGY | BIOMARKERS; CHEMOTHERAPY | SYSTEMIC THERAPY; SURGERY | SURGICAL ONCOLOGY Facilitators: N Masalu (Tanzania), M Mutebi (Kenya) MR4 LIGHTNING TALKS 6: ADVOCACY I SURVIVORSHIP; EDUCATION AND TRAINING (Niaeria), F Rubaaumva (Rwanda), R Wona (Canada)

#### Programme

V Moyo (United States) | PRE-CLINICAL DEVELOPMENT OF LEAF-1401 AND THE LEAF-1700 SERIES: A NOVEL CLASS OF POTENT NANOLIPOSOMAL POLYGLUTAMATED ANTIMETABOLITES

R Saidu (South Africa) | SELECTING HPV GENOTYPES TO OPTIMIZE PERFORMANCE OF GENEXPERT AND LINEAR ARRAY IN SOUTH AFRICA

K Abdella (Ethiopia) | EXPANSION OF BREAST CANCER TREATMENT TO SIX REGIONAL HOSPITALS IN ETHIOPIA: EFFECT ON PATIENT NUMBERS AND WAITING PERIOD TO INITIATE CHEMOTHERAPY

J Bore (Kenya) | STRENGTHENING POST CHEMOTHERAPY PATIENT FOLLOW-UP USING UNSTRUCTURED SUPPLEMENTARY SERVICE DATA (USSD) IN RESOURCE LIMITED SETTING.

S Sahabi (Nigiera) | MALIGNANT TESTICULAR TUMOURS IN SOKOTO, NORTH-WESTERN, NIGERIA: ANALYSIS OF 12 CASES

T Maniragaba (Tanzania) | NEUTROPENIA IN BREAST CANCER PATIENTS ON CHEMOTHERAPY IN TANZANIA.

A Oyekunle (Botswana) | DESIGN AND IMPLEMENTATION OF A SPREADSHEET-BASED CLINICAL DECISION SUPPORT SYSTEM FOR BUSY CHEMOTHERAPY CLINICS IN A RESOURCE-LIMITED SETTING.

B Gulelat (Ethiopia) | IMPACT OF GLOBAL PARTNERSHIP ON SURGICAL CARE FOR PATIENTS WITH CERVICAL CANCER IN FTHIOPIA

OI Alatise (Nigeria) | CLINICOPATHOLOGIC COMPARISON OF NIGERIAN AND SOUTH AFRICAN COLORECTAL CANCER **PATIENTS** 

D Abuidris (Sudan) | PATIENTS' CHARACTERISTICS AND CYTOCHROME P4501A1 GENETIC POLYMORPHISM AND BREAST CANCER RISK IN SUDANESE WOMEN

# Facilitators: K Asante(South Africa), N Lasebikan

#### Programme

N Dharsee (Tanzania) | NEEDS ASSESSMENT FOR DEVELOPING SURVIVORSHIP SERVICES FOR BREAST CANCER SURVIVORS IN TANZANIA AND GHANA

A Asomband (United States) | FEASIBILITY OF ENDOSCOPIC RETROGRADE CHOLANGIOPANCREATOGRAPHY FOR MANAGEMENT OF MALIGNANT BILIARY OBSTRUCTION IN NIGERIA: A SPECIALIZED INTERVENTION IN RESOURCE LIMITED SETTING. OUR 1-YEAR EXPERIENCE

R Bhatia (United States) | RADIATION THERAPY CURRENT PRACTICE CAPACITY AND NEEDS ASSESSMENT IN AFRICA: **AORTIC 2017 SURVEY RESULTS** 

M Cira (United States) | GLOBAL ONCOLOGY RESEARCH AND TRAINING COLLABORATIONS IN THE AFRICA REGION: RESULTS FROM THE 2018 U.S. NATIONAL CANCER INSTITUTE (NCI)/AMERICAN SOCIETY OF CLINICAL ONCOLOGY GLOBAL ONCOLOGY SURVEY OF U.S. NCI DESIGNATED CANCER CENTRES

S Donaldson (Switzerland) | STRENGTHENING THE HEALTH WORKFORCE IN AFRICA THROUGH FELLOWSHIPS TO ADVANCE CANCER CONTROL

J Fokom Domgue (Cameroon) | CONNECTING FRONTLINE CERVICAL CANCER PREVENTION PROVIDERS IN CAMEROON WITH DISTANT EXPERTS TO IMPROVE PATIENT CARE THROUGH ECHO: A TELEMENTORING PROGRAM M Ogun (Nigeria) | PROSPECTS OF AN EDUCATIONAL INTERVENTION TO IMPROVE KNOWLEDGE OF BREAST CANCER AND BREAST SELF EXAMINATION AMONG FEMALE SECONDARY SCHOOL STUDENTS IN OYO STATE NIGERIA N Tapela (Botswana) | IMPROVED TIME TO TREATMENT AND CANCER STAGE WITH PROVIDER EDUCATION AND CARE NAVIGATION: RESULTS FROM THE CONTROLLED, NON-RANDOMIZED PROSPECTIVE POTLAKO PILOT IN RURAL BOTSWANA

N Kugbey (Ghana) | SHARED DECISION MAKING AND HEALTH OUTCOMES AMONG BREAST CANCER PATIENTS IN GHANA: IMPLICATIONS FOR COMMUNICATION IN ONCOLOGY PRACTICE

#### 14:30 - 14:40 | TRANSFER TIME

MR1

### 14:40 - 16:30 | CONCURRENT SESSIONS

### **EDUCATION AND TRAINING IN ONCOLOGY IN** AFRICA

Facilitators: C Carrilho (Mozambique), C Lorenzoni (Mozambique), K Schmeler (USA), S Tulsidas (Mozambiaue)

K Schmeler (United States) | The IGCS global curriculum for gynaecologic oncology training

M Sidat (Mozambique) | Preparing future medical doctors to care for oncological patients: the role of medical schools

M Saide (Mozambique) | The Maputo Central Hospital: capacity build in oncology

S Sayed (Kenya) | Improving anatomic pathology in Sub-Saharan Africa to support cancer care: the experience of Kenva workshops

A Jhinhran (United States) | A training program for clinical oncology in Zambia

E Baker (United States) | Project ECHO for cancer prevention and treatment in Africa

#### GL MALIGNANCIES

Facilitators: OI Alatise (Nigeria), N Hammad (Canada), P Kingham (United States)

#### Programme

TP Kingham (United States) and N Hammad (Canada) | Introduction

OI Alatise (Nigeria) | Screening opportunity and early detection strategy for rectal cancer in Sub-Saharan Africa S Ka (Senegal) | Update in the surgical management rectal cancer

AO Odhiambo (Kenya) | Update in systemic therapy in rectal cancer

A Jhingran (United States) | The current role of adjuvant vs neoadjuvant chemoradiation in managing rectal cancer B Bebbington (South Africa) | Developing a continent-wide CRC group: current efforts Questions

#### MR2 ELEKTA: MAKING QUALITY TREATMENT ACCESSIBLE FOR ALL

Facilitators: B Taş (Turkey) Sponsored by Elekta

#### Programme

M Adyl (Morocco) | The need for Gammaknife Radiosurgery in Africa: common Indications and outcomes B Taş (Turkey) | Clinical Experience by using Elekta

B Taş (Turkey) | Precision Radiation Medicine by Elekta MR-Linac

MT Mors (The Netherlands) | Elekta's vision on the role of brachytherapy to serve cancer patients

MR3	ROCHE	Programme
	Facilitator:	RI van Eeden (South Africa)   Cancer immunotherapy: Development, efficacy and safety
	Sponsored by Roche	M Brandão (Belgium)   Clinical decision making: Diagnostics and patient selection for cancer immunotherapy
		NM Homian, (Cote d'Ivoire)   Discussion on addressing the burden of cancers in Sub-Saharan Africa through public- private partnerships
		L Dsane-Selby (Ghana)   Discussion on addressing the burden of cancers in Sub-Saharan Africa through public-private partnerships
		F Miguel (Angola)   Discussion on addressing the burden of cancers in Sub-Saharan Africa through public-private partnerships
		C Ngoh (Kenya)   Discussion on addressing the burden of cancers in Sub-Saharan Africa through public-private
		partnerships
MR4	CHEMOTHERAPY / SYSTEMIC THERAPY	Programme
	Facilitators: J Didi-Kouko Coulibaly (Ivory Coast),	G Demetriou (South Africa)   Review of state of the art in targeted agents
	N Masalu (Tanzania), H Simonds (South Africa)	SC Msadabwe (Zambia)   Systemic therapy in gynaecology malignancies
		N Othieno-Abinya (Kenya)   Lymphoma management in East Africa
		B Gyawali (United States)   Cost-effective chemotherapy use in a low resource setting
		D Amadori (Italy)   Evolution of medical treatment in cancer: from chemotherapy to immune checkpoints inhibitors
16:30 - 18:00	POSTER SESSION TWO	
19:00 - 22:00	CONFERENCE DINNER	

07:00 - 17:20	74 FRIDAY, 8 NOVEMBER 7:30   REGISTRATION			
	· ·			
	ROUNDTABLE DISCUSSION / EXPERT PANEL	No		
Roundtable	PALLIATIVE CARE ROUNDTABLE	Programme		
Discussion	Facilitators: V Baloyi (South Africa), H Morake	Tsambe (Mozambique)   Lessons learned in developing palliative care in a rural setting		
	(South Africa)	K Raadt (South Africa)   Caring for carers		
	Sponsored by Bristol-Myers Squibb Foundation	L Kimani (Kenya)   Psychological and emotional needs and issues of cancer patients		
	Secure the Future	M Ratshikana-Moloko (South Africa)   Spirituality, pain and quality of life among cancer patient		
		C Blanchard (South Africa)   Factors associated with place of death of patients with advanced cancer		
		H Elias (Kenya)   Intergrating palliative care into primary care		
Roundtable	SURVIVORSHIP AND QUALITY OF LIFE ISSUES	Programme		
Discussion	Facilitators: K Asante (South Africa <del>)</del>	J Salomao (Mozambique)   A broad overview of survival and survivorship: what does it mean to be a "cancer		
		survivor" in Africa		
		K Asante (South Africa)   Quality of life issues: living with long term adverse effects and the impacts of cancer		
		financial toxicity		
		B Kithaka (Kenya)   African cancer caregiving challenges and opportunities, and new global discussions on the needs		
		of cancer survivors		
		VG Safo (Ghana)   Familial breast cancer and the value of peer navigators in the context of cancer		
Roundtable	THE NEED FOR SURGICAL ONCOLOGY IN	Programme		
Discussion	AFRICA AND SUGGESTED MODULES	I Adewole (Nigeria)   Discussion around the models of running surgical oncology throughout Africa		
	Facilitators: I Adewole (Nigeria), S Gueye	J Francis (United States)   Discussion around the models of running surgical oncology throughout Africa		
	(Senegal), S Ka (Senegal), L Olasehinde (Nigeria)	SM Gueye (Senegal)   Discussion around the models of running surgical oncology throughout Africa		
		M Mutebi (Kenya)   Discussion around the models of running surgical oncology throughout Africa		
		S Ka (Senegal)   Discussion around the models of running surgical oncology throughout Africa		
		PT Kingham (United States)   Discussion around the models of running surgical oncology throughout Africa		
		O Olasehinde (Nigeria)   Discussion around the models of running surgical oncology throughout Africa		
5 . 5 . /				
Expert Panel -	FURTHER EDUCATION IN AFRICA	Programme		
MR1	Facilitators: C Stefan (South Africa)	C Stefan (South Africa)   Need for further management education for leaders in Africa		
5 . 5 . /		J Geraghty (United States)   The value of mentorship		
Expert Panel -		Programme		
MR2	Facilitators: S Mohammed (United States)	B Lyn-Cook (United States)   Discussion on basic science research in Africa		
		G Hammons (United States)   Discussion on basic science research in Africa		
		E Elamin (United States)   Discussion on basic science research in Africa		
00 00 00 00	L TO ANGEED TIME	N Othieno-Abinya (Kenya)   Discussion on basic science research in Africa
